Medical Director

Friends,

We are excited to announce the second annual Bacon and Barrel Spartanburg (formerly Bacon and Bourbon). On January 31, 2020, St. Luke's Free Medical Clinic will be bringing the bacon, bourbon and good times to the Spartanburg community in support of our mission. Hosted in Drayton Mills uniquely stunning event space, this fundraiser will feature bourbon tastings, bacon-inspired dishes from local restaurants, live music, and more.

St. Luke's Free Medical Clinic is a 501 (c)(3) nonprofit that provides quality healthcare to low-income uninsured Spartanburg County residents. In 2018, the Clinic served over 1900 individuals, with a focus not only on treatment but on prevention. Our health education program continues to grow, and we are able to meet our patients' primary and mental health care needs on-site. Our pharmacy provides critical medications and diabetic supplies to patients free of charge. In 2018, the Clinic provided over \$11 million in medical care and prescription medications on a budget of only \$905,000.

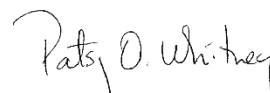

As an integral part of the Spartanburg community, we would love to feature you as one of our sponsors. As a sponsor, you will receive promotion for your company and access to the event. Your participation as an event sponsor will help provide funds for the programs and services our patients need to live happier, healthier lives.

Please find a complete listing of the sponsorship levels available enclosed. Thank you in advance for your consideration.

Sincerely,

Matthew D. Cannon, D.O.
